Curriculum Vitae

JOHN DAVIDSON, M.D.

August 16, 2026

VISION:

To be the premier center in the nation for patients seeking the highest quality Robotic Laser Cataract Surgery with the revolutionary Light Adjustable Lens and various other advanced technology lens implants.

MISSION:

We transform lives by rejuvenating vision for cataract sufferers who place their trust in our caring, professional, highly experienced team.

We work side by side with our patients on their journey to a lifetime of better, clearer vision and less dependence on glasses and contact lenses.

We are honored to have helped tens of thousands of people, including hundreds of eye doctors, medical doctors and their loved ones, as we endeavor to help each and every new patient achieve their visual goals based on their individual lifestyle needs and wants.

We continually ask ourselves, “are we doing everything we possibly can to achieve the best possible outcomes for our patients?”

EXPERIENCE:

50,000+ Successful Eye Surgeries

10,000+ Laser Lens Replacement Procedures

10,000+ Advanced Technology Intraocular Lenses (ATIOLs also called “Premium” IOLs such as Adjustable, Full Range, Multifocal, Trifocal, Bifocal, accommodative, EDOF, EROV, Small Aperture, Toric, Enhanced Monofocal)

1000+ Light Adjustable Lenses (LALs), 1900 PanOptix IOLs

FIRSTS:

#1 in California in Light Adjustable Lenses implanting volume

Founder, National Director for the Inaugural 2015 AAO Laser Cataract Surgery Skills Transfer Course, Lecture and Wetlab, 11/15/2015-2018

Founder, Instructor for the 2015 ASCRS Femtosecond Laser Cataract Skills Sessions

Second in the world to utilize **headmounted 3D visualization system** for cataract surgery

Glaukos iDoseTR Principal Investigator, 2019-2025
Novel drug delivery system, surgically implanted intraocular sustained-release glaucoma therapy

Ventura County Medical Resource Foundation's 31st Annual Health Professional Awards, **Vision Care Specialist of the Year 2024**

Live Surgery Alcon ASCRS 2017, Surgeon
National Launch of MIGS Device, CyPass: demonstrated proper implantation technique for broadcast live to 1000 cataract surgeons in the Los Angeles Convention Center, 5/6/2017

Live Surgery Alcon ASCRS 2016, Panel Expert

PureSee (J&J) EDOF IOL
First surgeon on the Central Coast of California to implant, 3/30/2026

Zeiss CT LUCIA 621P IOL
First surgeon on the Central Coast of California to implant, 2/23/2026

Envy (B+L) Full Range IOL
First surgeon on the Central Coast of California to implant, 10/24/204

Odyssey (J&J) Full Range IOL
First surgeon on the Central Coast of California to implant, 4/25/2024

LAL+ (RxSight) Light Adjustable Lens

First surgeon on the Central Coast of California to implant, 2/26/2024

Alcon LenSx LASER
First in Ventura County to perform LenSx surgery, 5/3/2013
Consultant for software and hardware upgrades, 2014-2024

Alcon NGENUITY 3D Heads Up Visualization for Eye Surgery
First in Western States to implement 3D Heads Up Surgery for Lens Replacement, 1/23/2018
Consultant for software and hardware upgrades, 2018-2024

Smart Cataract Planning Software for Refractive Lens Replacement
Creator, developer, investigator, consultant for ground-up digital solutions project, 2017-present

Alcon VLynk
Investigator, developer, consultant of intraoperative augmented reality image-guidance systems for refractive lens replacement surgery, 9/26/2016-2018

Alcon Verion Image Guided System
First in California and the Western Region to implement Verion, 4/21/2014
Consultant for software and hardware upgrades, 2014-2024

Alcon ORA
First in Ventura County to use intraoperative wavefront aberrometry, 5/3/2013
Consultant for software upgrades, 2014-present

Ziemer Crystalline
First surgeon on the Central Coast to utilize Ziemer Crystalline laser technology for LASIK Laser Vision Correction patients, 4/27/2011

Allegretto EX500
First surgeon on the Central Coast to utilize Allegretto EX500 laser technology for LASIK Laser Vision Correction patients, 5/2007

First Meta-Analysis of Femtosecond Laser-Assisted Cataract Surgery,
"The LenSx Laser—A Review of Current Literature on its Use in Cataract Surgery", US Ophthalmic Review, April 2016
